OUR STORY

Weir Family Vineyard's has brought quality wine to the Central Coast of California since 2000. With the Weir Family's values being based around hardwork and passion, they put love into each and every bottle. Not only do the Weir's hope to make everyone feel like family, but they continue to strive to make the world a better place by using sustainable practices in every step of the winemaking process. Weir Family Vineyards introduced Weird Wines in hopes to make everyone feel welcomed to the family, while also making a positive impact on the environment. Everyone is Weird. Everyone is Family.

WHY WEIRD ?

SUSTAINABLE. Weir Family Vineyards loves Mother Earth and want to do their part in protecting her. In efforts to mitigate food waste, Weird Wines uses any leftover grapes that are not used in the production of other varietals.

UNIQUE. With every bottle being a blend of any straggler grapes, each bottle of Weird Wine will never taste the exact same as any other bottle you have tried. The wines arrange in color and flavor but each one is just as tasty as the next.

UNITED. Everyone is a little weird. Weir Family Vineyards' hopes to bring people together to share a bottle of Weird Wine, reminding us that we are all a little weird, but we are all more alike than we think. Life is Weird and so is our wine!
